### KINGDOM OF CAMBODIA NATION RELIGION KING

# REPORT ON ANNUAL ACHIEVEMENTS 2016 AND ACTION PLANS OF THE ROAD TRAFFIC SAFETY TEAM FOR WORKERS' PREVENTION (RTSTWP)

#### **INTRODUCTION**

Traffic accident is a hidden killer leading the travellers to sustain death, injury, and disability and leaves behind the terrible tragedy influencing the household and social economies. In the meantime, road traffic safety is a significant target of the NSSF strategies in a bid to urge to eradicate the traffic accident at the lowest level in 2016.

#### 1. Situation of Traffic Accident

#### 1.1. Situation of the Nationwide Traffic Accident

According to the data of the nationwide traffic accident of Ministry of Interior starting from 11 November 2015 to 10 November 2016, there are **4,029 times**<sup>1</sup> with the total number of **6,967** victims—**1,926** deaths.

Source: Figures of the National Road Safety Committee

\_

<sup>&</sup>lt;sup>1</sup> Source: Department of Traffic Police and Public Order

The causes of traffic accident include 43% of over-speeding, 09% of drunk-driving, 11% of dangerous overtaking, 12% of failure to observe the traffic priority, 09% of failure to observe the right-hand priority, 10% of inattentive turning, 02% of vehicle factor, 01% of drowsy driving, 0.3% of road factor, and 02% of other factors.

#### 1.2. Situation of Workers' Traffic Accident

In terms of the workers' traffic accident starting from 01 January to 10 December 2016, there are **5,609 times**<sup>2</sup> with the total number of **7,446** victims—**103** deaths, **970** serious injuries, **6,373** mild injuries. If compared to the identical periods of the year of 2015, there are a decrease of **882** times (**14%**), an increase of **89** victims (**01%**), a decline of **98** serious injuries (**09%**), and an elevation of **214** mild injuries (**03%**).

#### 1.3. Traffic Accident by Kinds of Commuting Means

The commuting means of workers are divided into **3 kinds** such as worker-transporting truck, motorcycle, and other means. Amidst the traffic accident amounted to **5,609** times, the causes of traffic accident are due to motorcuycle, worker-transporting truck, and other means which contain **3,696** times with **80** deaths, **1,206** times with **12** deaths, and **707** times with **11** deaths respectively.

| Traffic Accident by Kind of Commuting Means |             |          |                |  |
|---|-------------|----------|----------------|--|
| No.   | Description | Time (s) | Death (Person) |  |
| 01  | Motorcycle  | 3,696    | 80             |  |
| 02  | Truck       | 1,206    | 12             |  |
| 03  | Other means | 707      | 11             |  |
|   | Total       | 5,609    | 103            |  |

#### 1.4. Traffic Accident by Sector

Traffic accident occurred on the workers in the garment and footwear, bank and microfinance, and other sectors which possess 4,451 times with 43 deaths, 515 times with 05 deaths, and 643 times with 55 deaths respectively.

| Traffic Accident by Sector |                               |          |                |  |
|----------------------------|-------------------------------|----------|----------------|--|
| No.                        | Description                   | Time (s) | Death (Person) |  |
| 01                         | Garment and footwear sector   | 4,451    | 43             |  |
| 02                         | Bank and micro-finance sector | 515      | 05             |  |
| 03                         | other sectors                 | 643      | 55             |  |

| Total | 5,609 | 1031 |
|-------|-------|------|
|       | 5,609 | 1031 |

#### 1.5. Causes of Traffic Accident Offended by Vehicles

The traffic accidents were offended by other vehicles and workers' commuting means amounted to **2,993** times (**53%**) and **2,616** times (**47%**) respectively.

| Causes of Traffic Accident Offended by Vehicles       |  |          |     |
|---|--|----------|-----|
| No. Description                                       |  | Time (s) | %   |
| 01  | 01 Traffic accident offended by other vehicles |          | 53  |
| Traffic accident offended by workers' commuting means |  | 2,616    | 47  |
|   | Total  | 5,609    | 100 |

#### 2. Annual Achievements

#### 2.1. Meeting of RTSTWP

Road Traffic Safety Team for Workers' Prevention (RTSTWP) convened the meeting for 06 times with view to discussing the following agendas:

The first meeting on 12 January 2016:

- Review the report on Annual Achievements 2015 and Action Plans.
- Other challenges.

The second meeting on 07 April 2016:

- Review the report on the First Quarter Achievements in 2016 and Action Plans of RTSTWP.
- Other challenges.

The third meeting on 28 June 2016:

- Review the report on the First Semester Achievements in 2016 and Action Plans of RTSTWP.
- Other challenges.

The fourth meeting on 17 August 2016:

- Review the essence of slogans for road traffic safety.
- Other challenges.

The fifth meeting on 14 October 2016:

- Review the report on the Nine-Month Achievements in 2016 and Action Plans.
- Other challenges.

The sixth meeting on 01 November 2016:

- Review the education essence for appropriate helmet wearing.
- Other challenges.

Figure: The Internal Meeting of RTSTWP

#### 2.2. Dissemination Meeting

The Road Traffic Safety Team for Workers' Prevention (RTSTWP) held the dissemination meeting for 137 times equal to 154 factories that there are 26,410 participants—1,488 worker-transporting drivers and 24,922 workers.

Figure: Distributing the Driving License and Certificate of First Aid in Kampong Chhnang Province

#### 2.9. Equipping Slogan

RTSTWP collaborated with the factory administration to equip slogan for providing education of road traffic safety to workers and worker-transporting drivers for **02** times with **15** plates in Svay Rieng province and Sihanuk Ville.

Figure: Equipping the Slogan in the Special Economic Zone in Sihanuk Ville

#### 3. Challenges

- Some worker-transporting means were kinds of truck.
- Some worker-transporting means were not inspected in compliance with technical standard.
- Some worker-transporting trucks were not equipped the passenger seats correctly.
- Overloading workers still occurred and traffic congestion always took place in front of the factory while the workers were entering and leaving the factory.
- Some worker-transporting drivers didn't have the driving licenses by category of vehicle.
- Some worker-transporting drivers had low awareness of traffic law.
- Some motorcycles of workers were not equipped ample accessories.
- Some workers drove without wearing helmet properly.
- Did not have an agency to monitor and control category of transportation means and drivers.
- Shortage of service provision and first-aid agent when the worker underwent accident.

#### 4. Remedies

- Collaborate with the competent authorities to guide how to use the worker-transporting vechicle.
- Collaborate with the competent authorities to inspect the vehicle regularly.
- Collaborate with the competent authorities to push the worker-transporting drivers to equip the passenger seat correctly.
- Collaborate with the local authorities and factories to ease traffic congestion.
- Collaborate with the General Department of Transport to offer the driving training course and examination to the worker-transporting drivers with inappropriate driving licence by type of vehicle.
- Collaborate with the competent authorities to disseminate and educate the traffic law, commute safety, worker-transporting safety, and appropriate helmet-wearing to the worker-transporting drivers and workers.
  - Educate and urge the motorcyclists to equip adequate accesories.
  - Collaborate with the competent authorities to disseminate and educate the traffic law, commute safety by motorbike, and provisional punishment for offense of traffic law.
  - Establish an agency to monitor and control by kind of transportation means and drivers.
  - Collaborate with the Cambodian Red Cross to train the first-aid agent in the enterprises/establishments.

#### 5. Action Plans

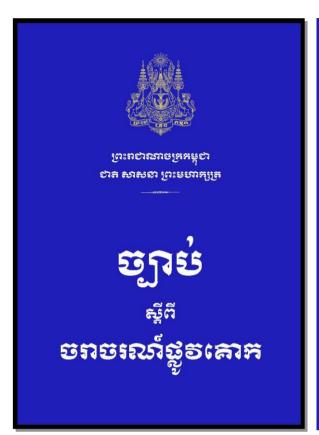

- Update the number of worker-transporting drivers and worker-transporting vehicle.
- Conduct the statistics of workers' motorcycles.
- Keep studying and analyzing the causes of workers' traffic accidents.
- Carry on disseminating and educating the traffic law, commute safety, worker-transporting safety, and appropriate helmet-wearing to the worker-transporting drivers and workers.
- Continue to collaborate with the General Department of Transport of Ministry of Public Works and Transport to offer the driving training course and examination to the worker-transporting drivers by category of vehicle.
- Keep collaborating with the General Department of Transport of Ministry of Public Works and Transport to offer the training course for focal-point trainer on Road Traffic Safety.
- Go on guiding the worker-transporting drivers to use the passenger vehicle.
- Continue to guide the worker-transporting drivers to design the passenger seat appropriately and safely.
- Keep guiding the worker-transporting drivers to install the bumper.
- Carry on collaborating with the Ministry of Health and the Cambodian Red Cross to train the first-aid agent.

- Install the slogan for education of traffic safety for workers and worker-transporting drivers in the enterprises/establishments.
- Distribute the certificate of appreciation to the most experience worker-transporting drivers who never commit the traffic accident and have sufficient traffic documents.
- Collaborate with the competent authorities to inspect the worker-transporting driver with inappropriate driving licence, number plate, and technical standard.
- Implement other duties in compliance with the order of leaders.

#### 6. Conclusion

The achievements were accomplished successfully and fruitfully due to multi-sector cooperation and support from **Samdech Akka Moha Sena Padei Techo Hun Sen**. Meanwhile, the receipt of support from international cooperation partners, inter-ministries, private companies, technical specialists, and budget providers has accelerated all applications of NSSF more smoothly and effectively for the sake of reducing the traffic accident of workers. These reliabilities make the leaders, officials, and contracted staff of NSSF have high commitment to fulfill their works better and eradicate the poverty in Cambodia with high ownership and responsibility.

#### **National Road Safety Committee**

#### **Disseminating Memorandum on Traffic Law**

#### Main Articles for Road User

#### I. Traffic Law

#### 1. Cyclist and Pedestrian

- ✓ The cyclists shall keep their riding to the farthest right side and turn to the left side with attention. If necessary, they shall get off and walk their bicycles (if they wear bike helmet, it is better).
- ✓ The pedestrians shall walk on the sidewalk or roadside. If there is no sidewalk or roadside, they shall keep to the furthest right hand and cross the road through the zebracrossing or pedestrian crossing. If there is no traffic sign, he/she shall cross through the road axis in the angle with attention.

#### 2. Drivers of Motorcycle, Motor-Tricycle, and Trailer Motorcycle

#### A. The driver shall:

- ✓ Be at least 15 years of age and hold the national identity card or relevant equivalent documents along with them if they use motorcycle with engine cylinder size not over 125 cm<sup>3</sup>.
- ✓ Hold the driving licenses under category **A** if they use motorcycle with engine cylinder size from  $126 \text{ cm}^3 \text{ up}$ .
- ✓ Hold the driving licenses under category **A** if they use motor-tricycle and trailer-motorcycle.

#### **B.** Motorcycle shall:

- ✓ Possess motor registration card and number plate.
- ✓ Be equipped rear-view mirror, tire, brake, illumination system, and light-reflector that stay good.

#### C. During travelling:

- ✓ The drivers and passengers (child aged 3 and above) shall wear helmet.
- ✓ The driver shall observe the right-hand traffic priority and travel with due care and attention.
- ✓ The driver shall follow the traffic signals (road markings, traffic signals, traffic lights, commanding signals of traffic enforcement agent)
- ✓ The driver shall drive in the maximum speed of 30 km/h in the crowded.
- ✓ Outside the crowded location, the drivers of motor-tricycle and trailer-motorcycle shall drive 40 km/h, whereas the drivers of motorcycle with engine cylinder sized 125 cm³ and above shall drive 60 km/h and 70 km/h respectively.
- ✓ The driver shall drive under the influence of alcohol or drug.
- ✓ The driver shall slow down and observe the traffic priority at the road intersection.

- ✓ Prior to turning left or right, the drivers shall examine the back of their vehicles through the rear-view mirror, look at the left, right, and front, and turn on the turning light or give a signal by raising their hands at the distance of at least 20 meters far.
- ✓ The driver shall not overtake or pass in the dangerous situation. Moreover, the driver shall give a signal or horn the front vehicle.
  - The driver shall not overload passengers or goods and use phones without headsets.
- ✓ The driver shall drive with attention and mutual understandings.

#### 3. Car Drivers

#### A. The Drivers shall:

✓ Hold the driving licenses along with them by category of vehicle.

#### **B.** The Vehicle shall possess:

- ✓ Vehicle registration card and number plate.
- ✓ Vehicle inspection certificate.
- ✓ Ownership transfer.
- ✓ Rear-view mirror, tire, brake, steering wheel, wind screen wiper and light-reflector stay good.
- ✓ All the above-mentioned documents shall be held together with vehicles.

#### **C.** During Traveling:

- ✓ The drivers and passengers shall fasten seatbelt, drive carefully, and observe the right-hand priority.
- ✓ The driver shall follow the traffic signals (road markings, traffic signals, traffic lights, commanding signals of traffic enforcement agent)
- ✓ The driver shall drive in the maximum speed of 40 km/h in the crowded.
- ✓ Outside the crowded location, the drivers of trailer-motor, truck, family car and passenger bus, and family car and passenger bus for travelling from 4 lanes and above with the road dividers shall drive 60 km/h, 70 km/h, 80 km/h, and 90 km/h respectively.
- ✓ The driver shall drive under the influence of alcohol or drug.
- ✓ The driver shall slow down and observe the traffic priority at the road intersection.
- ✓ Prior to turning left or right, the drivers shall examine the back of their vehicles through the rear-view mirror, look at the left, right, and front, and turn on the turning light or give a signal by raising their hands at the distance of at least 20 meters far.
- ✓ The driver shall not overtake or pass in the dangerous situation. Moreover, the driver shall give a signal or honk the front vehicle.
- ✓ Before stopping, the driver shall turn on the direction indicator lights at the distance of at least 20 meters far or give a signal by raising hand. Furthermore, the driver shall not stop in the prohibited or congested places.
- ✓ The driver shall not park in the prohibited places and roadway. In case the driver cannot leave the roadway, they turn on the emergency light.
- ✓ The driver shall not overload passengers or goods and use phones without headsets.
- ✓ The driver shall equip their vehicle with fire extinguisher and triangular signs for noticing.
- ✓ The driver shall drive with attention and mutual understandings.

#### II. Traffic Sign

#### 1. Traffic Indicators/lights

- ➤ Red light allows traffic to stop in front of a white line on the road axis or zebracrossing.
- > Yellow light allows traffic to proceed with caution and be ready to stop.

> Green light allows traffic to proceed in the direction denoted.

#### 2. Traffic Signals
